

Hogan 360 Languages

Survey and reports available in 23 languages

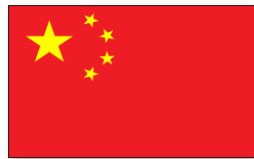

The Hogan 360 is available in the languages listed below, encompassing every aspect of the process—including invitation and reminder emails, the assessment platform and questions, and the final report. Language preferences can be configured when placing an order.

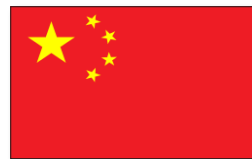

Additionally, regardless of the selected reporting language, evaluators participating in the Hogan 360 process can seamlessly switch to their preferred language. This ensures greater comfort in the process, leading to more accurate and meaningful responses.
