SHRM Specialty Credentials

SHRM Workplace Investigation Credential

Equips professionals with the knowledge and skills required to conduct fair, legally sound, and unbiased workplace investigations. The program covers investigation planning, interviewing techniques, documentation, confidentiality, and reporting. This credential is ideal for HR, legal, compliance, and leadership professionals responsible for handling sensitive employee relations issues.

The SHRM Certified AI Practitioner in HR

The Program empowers leaders to leverage the synergy between Artificial Intelligence (AI) and Human Intelligence (HI) to drive measurable business outcomes. The program focuses on practical AI use cases across HR functions such as talent acquisition, learning, workforce analytics, and employee experience. Designed for HR leaders and managers, this program provides strategic frameworks, ethical considerations, and implementation roadmaps to responsibly adopt AI while maximizing ROI.

OD Interventions

SHRM drives impactful OD interventions that integrate talent strategy, cultural evolution and organizational agility to accelerate business impact.

Process Audits: HR-X Audit

Culture Cascade & Institutionalization

Talent Management & Development

- Assessment & Development Centres
- Succession Planning
- Executive Coaching

Inclusion & Diversity

- I&D Governance & Infrastructure
- I&D Awareness & Training e.g. Manager as an Ally, Unconscious Bias Trainings
- HR Process Consulting

HR-X Audit

SHRM HR-X Audit is a comprehensive diagnostic that assesses the maturity, effectiveness, and business impact of your HR function across the entire employee lifecycle. Benchmarked against SHRM's globally recognized standards and leading practices, it identifies strengths, gaps, and opportunities, providing actionable recommendations to strengthen HR capabilities, enhance employee experience, and align people strategy with business priorities.

Global Certifications

Level 3: SHRM-SCP/CP

SHRM Senior Certified Professional/ Certified Professional

SHRM-SCP/CP are globally recognized certifications that validate an HR professional's ability to apply strategic and behavioral competencies to solve real workplace challenges. Built on the SHRM Body of Applied Skills and Knowledge (SHRM BASK®), these certifications equip professionals to drive business outcomes, lead organizational transformation, and build high-performing workplaces. Recognized by employers worldwide, they are the gold standard for HR and people leaders seeking global credibility and career advancement.

Level 2: ADHRM

Advanced Diploma in Human Resource Management

The SHRM-ADHRM program is designed for entry to mid-level HR professionals seeking to deepen their functional expertise. The program covers core HR domains including HR strategy, talent management, workforce planning, total rewards, HR technology, and analytics. With a strong focus on application and assessment, ADHRM helps professionals move from transactional HR roles to more strategic.

Level 1: CEHRM

Certificate for Human Resource Management

The SHRM-CEHRM Program is an entry-level program ideal for non-HR professionals, students, and early-career aspirants looking to build a strong foundation in HR. It introduces participants to essential HR concepts, processes, and workplace practices.

SHRM-PMQ

SHRM People Manager Qualification

The SHRM People Manager Qualification is a uniquely designed gamified simulation for people managers and first-time leaders. The program equips managers with essential skills across performance management, employee engagement, communication, and people decision-making.

Research and Academics

SHRM Research combines global expertise with deep APAC market insights to deliver evidence-based intelligence on workforce trends, skills, leadership, talent, and the future of work. Through robust methodologies, multi-lingual research capabilities, and end-to-end research solutions, we help organizations make better decisions and build future-ready workplaces.

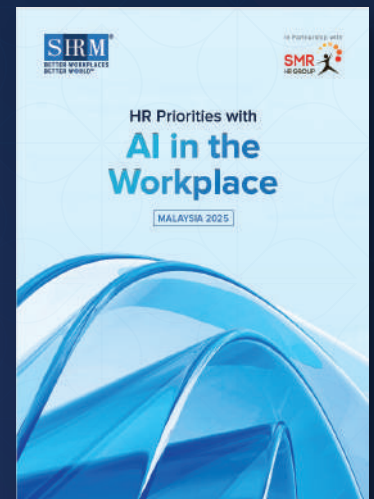

SHRM Academic Partnerships bridges academia and industry by equipping faculty and students with the knowledge, skills, and globally recognized credentials needed for the evolving world of work. Through faculty and student workshops, curriculum alignment and development, and access to SHRM's global certifications, we help academic institutions enhance learning outcomes, strengthen industry relevance, and prepare graduates to thrive in future-ready workplaces.
